(James 3:1-12)

1. Share of a time that something you said got you into trouble.

Read James 3:1-12

2. What do ships, horses, forest fires and the human body have in common?
3. What do birds, animals and the human tongue **not** have in common?
4. If no one can tame the tongue, do you think verse 10 presents an impossible demand? Why / why not?
5. What is the point of the illustration in verse 11-12?
6. In what situations do you struggle the most to control your tongue? What can be done about this?

Reflect – Can other people tell that you are a Christian by the way you speak?
